

The figure displays five vertically stacked scatter plots, each representing a different experimental condition. The x-axis for all plots is labeled 'Genes' at the bottom. Each plot shows a dense cloud of data points with vertical error bars. Specific genes are labeled with lines pointing to their data points.

- RcaT-Eco1:** The top plot shows a dense cloud of points with a horizontal dashed line. Labeled genes include T5\_GG\_058.
- RcaT-Eco9:** The second plot shows a dense cloud of points with a horizontal dashed line. Labeled genes include P1\_gp002, P1\_gp031, P1\_gp077, P1\_gp050, P1\_gp026, P1\_gp082, T5\_GG\_007, T5\_GG\_008, T5\_GG\_032, T5\_GG\_036, T5\_GG\_058, T5\_GG\_085, T5\_GG\_096, T5\_GG\_114, T5\_GG\_100, T5\_GG\_029, T5\_GG\_089, T5\_GG\_080, T5\_Gibson\_088, and T5\_GG\_035.
- RcaT-Sen2:** The third plot shows a dense cloud of points with a horizontal dashed line. Labeled genes include P1\_gp002, P1\_gp031, P1\_gp050, P1\_gp082, P1\_gp077, T5\_GG\_002, T5\_GG\_014, T5\_GG\_032, T5\_GG\_035, T5\_GG\_026, T5\_GG\_047, T5\_GG\_067, T5\_GG\_085, T5\_GG\_096, T5\_GG\_114, T5\_GG\_142, and T5\_GG\_100.
- Retron-Eco1:** The fourth plot shows a dense cloud of points with a horizontal dashed line. Labeled genes include T5\_GG\_040.
- Retron-Sen2:** The bottom plot shows a dense cloud of points with a horizontal dashed line. Labeled genes include P1\_gp017, P1\_gp069, P1\_gp082, T5\_GG\_002, T5\_GG\_014, T5\_GG\_073, T5\_GG\_093, T5\_GG\_100, T5\_GG\_142, T5\_GG\_146, T5\_GG\_156, T5\_GG\_161, and T5\_GG\_130.
